Hi Mike:

FYI. Erin sent these draft responses out last week to our risk assessors for review and concurrence. Brian has signed off on the BERA work plan responses, but we haven't heard back from David on the BHHRA, despite a couple of emails. Maybe he is on vacation?

Anyhow, once we hear from David these should be ready to send out.

Gunnar

Subject: CFAC - Risk Assessment Workplan Comment Responses

All,

I have attached responses to the comment responses received from Roux on the human health and ecological risk assessment workplans. Note, I reduced the documents to only present comments that are outstanding, comments that were adequately addressed have been removed. Please let me know if you have any comments or concerns. If you would like, I can add any additional responses you may have to these documents. I believe the goal was to get these deliverables to Roux by the end of this week (08/24/18). Would it be possible to get your feedback and any additional comments by that time?

Thank you,
Erin
